Serve and Protect Credit Union launches its first ever fixed-rate savings account!

Serve and Protect Credit Union has launched an exciting new product, called the Fixed Saver.

This is the first time in the credit union's history that a fixed-rate savings account has been offered to members. The Fixed Saver provides returns of up to 3.50% AER, with terms available for 6 or 12 months. The longer you save, the more interest you can earn.

The Fixed Saver will be offered on a first-come-first-served basis, and will be available for a limited period, with the closing date to open an account being Thursday, 27 April 2023. However, this could be withdrawn earlier.

Some of the key features for the Fixed Saver include:

- Fixed terms available for 6 or 12 months
- Invest between £500 and £5,000
- Earn between 3.04% and 3.50% AER
- Savings protected by the FSCS up to £85,000
